

Segnapasso 9 LED QUADRATA

EN0734

Modulo con 9 LED PLCC2
9LED PLCC2 module

Dati scheda / Module data

| Codice Code | Codice Colore color code | LED | Alimentazione Power Supply | Potenza Power (W) | Corrente Current (mA) | Lunghezza d'onda CCT Wavelength CCT (nm K) | Flusso Luminoso Totale (Tipico) Total Luminous Flux (Typical) (lm) |
|--------------|--------------------------|----------------------------|----------------------------|-------------------|-----------------------|--|--|
| 1200 EN 0734 | BI 0 | Bianco Freddo / Cold White | 24 V DC | 1,6 | 67 | 6000 K | 9 |
| | BL 0 | Blu / Blue | | 2,1 | 87 | 470 nm | 4,7 |

NOTE:

Temperatura massima consentita rilevata sul punto di saldatura del LED / Maximum allowed temperature tested on the LED soldering point: **tc max = 70° C**
 Temperatura ambiente di funzionamento / Working ambient temperature: **-20 °C < ta < 40°C**
 Tutti i valori sono misurati a ta = 25 °C / All values at ta = 25 °C

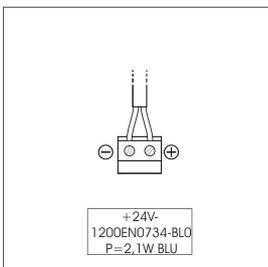

Codici D'ordine / Order Codes

1200 EN0734 – BI0

Colore / color
BI0 bianco freddo / cold white
BL0 blu / blue

Collegamenti / Wiring
